

BioScrub™/MC

PERFORMANCE RESTORATION

Environmentally Safe HVAC/R Coil Restoration Process

Licensed Probiotic and Supersaturated Steam Technology:

- Deep Cleans Without Damaging Equipment
- Removes Scaling and Organic Growth in Coils and Condensers
- Improves Air Flow
- Restores Performance of the Equipment
- Enhances Performance in HVAC/R Systems

CASE STUDY: INDEPENDENT GROCERY STORE

AVERAGE AIR FLOW
UNIFORMITY IMPROVED

43.9%

AVERAGE AIR VELOCITY
INCREASED

45.3%

REFRIGERATION SYSTEM
PERFORMANCE INCREASED

5.9%

AVERAGE POWER
DECREASED

5.0%

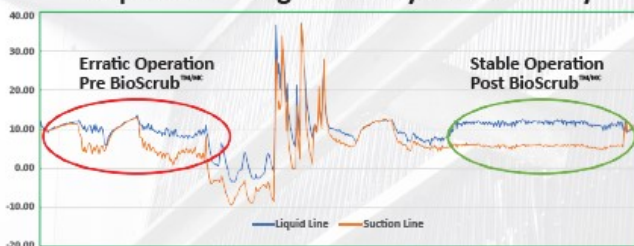

AVERAGE COOLING
CAPACITY INCREASED

2.3%

REFRIGERATION SYSTEM
COP IMPROVED

5.9%

Improved Refrigeration System Stability
